

## Bee Balm

Skin care with real beeswax  
and natural oils

### Good to know:

Our bee balm is a real treat for irritated and sensitive skin. The carefully balanced formula with genuine beeswax, almond oil, sunflower oil, shea butter and jojoba oil provides intensive care and at the same time forms a protective layer to protect the skin from external influences. Keeps the skin elastic, soft and supple. The ideal care product, extremely economical to use, without added fragrances - for a healthy skin feeling, every day.
