

Delicate Seasoning Vinegar

Pure delight
following an age-old, traditional recipe

Using an old home recipe, this unmistakably tasty seasoning vinegar is created using the best vinegar, delicate onions, a pinch of sugar, salt and pepper, a hint of clove, cardamom, cinnamon and bay leaves. All natural ingredients are carefully controlled, chopped and ground with a pestle and mortar. The blend produced by following the exact recipe is boiled and then roughly filtered. All stages of production are done by hand. The result is an amber coloured, bright and amazingly full-bodied delicacy that will impress! We recommend this delicate seasoning vinegar to prepare fresh salads and for refining soups, sauces, meat and vegetable dishes – there are no limits to your imagination!
