

tierlieb Dog Shampoo with tea tree oil

For mild cleansing and care of your dog. Your favourite pet's fur will be wonderfully refreshed and develop a glossy sheen. Australian tea tree oil is a natural disinfectant and is used for many skin problems. The special formula containing inulin, betaine, panthenol, wheat proteins and jojoba oil dispenses moisture and soothes skin irritations e.g. through drying out, fleas, ticks and insect bites. For the strengthening and care of skin and fur. With the refreshing fragrance of natural tea tree oil, free from colouring and added fragrances, pH-neutral.

Application: Distribute the shampoo evenly in the wet fur and leave to take effect for a short time. Avoid contact with eyes. Then rinse out thoroughly and dry the fur well. Protect your dog against drafts! Shake well before use !

Note: Cats cannot degrade essential oils well, or cannot degrade them at all. Therefore, please do not use Dog Shampoo with tea tree oil on cats.
