

Body treat Body lotion

This very delicate body lotion leaves your skin moisturised and fresh and gives it a wonderfully soft and supple feeling. With its pleasantly light texture, valuable care components with argan oil, jojoba oil, shea butter and a subtle, fruity fragrance, it is the ideal addition to your daily body care. Its unique formula with natural ingredients provides moisture and supports the skin's protective barrier. It can be applied conveniently and economically and absorbs quickly without leaving an unpleasant film on the skin. A nourishing enjoyment you should not miss!
