

GELASTIN® intens Active

With FORTIGEL® collagen peptides
Food supplement containing magnesium and vitamins
Forest fruits flavour

Useful information: GELASTIN® intens Active contains the branded collagen FORTIGEL®, which is characterised by particularly high bioavailability. Collagen is an organic component of the connective tissue of bones, joint cartilage, tendons, ligaments and the skin. GELASTIN® intens Active also contains magnesium, vitamin C, vitamin B6, thiamine, vitamin A, folic acid and vitamin B12 as well as rose hip extract. Extremely easy and convenient to use, whether at home or on the go: simply tear open the sachet at the marked line and squeeze the contents directly into your mouth, muesli or yoghurt - done.

- FORTIGEL® collagen peptides are obtained from long-chain collagen by means of hydrolysis.
- They have high bioavailability and can therefore be absorbed very well by the body.
- With magnesium, vitamin C, vitamin B6, thiamine, folic acid and vitamin B12.
- Highly concentrated gel for direct consumption
- Tasty forest fruits flavour
