

## GELASTIN® powder

With FORTIGEL® collagen peptides

Food supplement for special medical purposes (supplement for a balanced diet)

Orange flavour

**Useful information:** Are you looking for an alternative to the GELASTIN® intens gel sachets? Then GELASTIN® powder is perfect for you. At just 11.4 g, our sachets are extremely light and ideal for travel. And GELASTIN® powder contains all the vital ingredients also contained in GELASTIN® intens. This also includes the branded collagen FORTIGEL®, which is characterised by particularly high bioavailability. Cartilage is made up of 70% collagen. Please remember that regular exercise is important for your joints. Very easy to use: GELASTIN® powder is pre-dosed in daily portions and easy to open. Simply dissolve in still water (150 ml) and drink. It has a deliciously fruity orange flavour. Our tip for autumn/winter: Make yourself a “hot orange” with GELASTIN® powder. Simply pour on hot water, stir, and its ready! GELASTIN® Osteo is free from fat and alcohol and is ideal for diabetics (less than 0.1 BU).

- Contains the branded collagen FORTIGEL®, which is characterised by particularly high bioavailability
- With magnesium, vitamin C, vitamin B6, thiamine, vitamin A, folic acid and vitamin B12
- Pre-dosed in daily portions and easily soluble in water
- Tasty orange flavour
