

Gelastin® Joint Gel

For a beneficial massage of the joint areas and to relax the joint muscles

Give your stressed, tired joints a treat: A massage with GELASTIN® joint gel stimulates the flow of blood to the entire area, therefore promoting the supply of nutrients, nourishing the skin and relaxing the surrounding joint muscles. The rich formula has a fresh menthol scent and absorbs quickly. It also contains a variety of proven natural plant substances such as extracts of devil's claw, arnica, paprika and ginger as well as essential oils. Produced in Switzerland. Massage stressed joints regularly and experience the enjoyable feel of freshness and relaxation.

- For a beneficial massage of the joint areas and to relax the joint muscles
- Stimulates the flow of blood to the entire joint region and therefore promotes the supply of nutrients
- Unique formula with natural plant extracts, essential oils and active nourishment substances

Use: Apply GELASTIN® joint gel generously to the joint area and massage in slowly and intensively with circular motions. Ideally for daily use - several times if required - over a longer period.
