

DermaGold Glow Pure Collagen Powder

Useful information: Collagen is the most abundant protein in the human body. It forms the main component of the connective and supportive tissue and is an essential component of bones, cartilage and tendons. Although collagen is produced by the body itself, many consumers appreciate an additional dietary supplement with pure collagen. DermaGold glow Pure Collagen Powder consists of pure, highly purified, bioactive collagen hydrolysate (Verisol®) from cattle. It is easily soluble, odourless and tasteless and therefore enjoyable to use.

Ingredients: 100 % collagen hydrolysate (Verisol®).

Average nutritional values	per portion (= 15 g)	per 100 g
Calorific content	230 kJ / 54 kcal	1530 kJ / 360 kcal
Fat	0 g	0 g
- of which saturated fatty acids	0 g	0 g
Carbohydrates	0 g	0 g
